						24	5,00
						23	6,00
						22	7,00
						21	8,00
						20	9,00

Notas:

- Existen 2 juntas exteriores adicionales, con referencias 240125 y 240126, de 4.60 y 8.60 mm de espesor respectivamente.
- Existe junta para sellado exterior (Ref. 240137). Acristalamiento equivalente a junta exterior Ref. 240124.

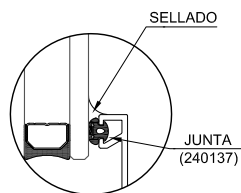

Nota:

- El uso de junquillos de grapa solo es aconsejable cuando éstos se combinen con sus correspondientes junquillos de clip, en el acristamiento de un vidrio. Utilizar solamente junquillos de grapa para acristalar un vidrio, es muy peligroso, ya que éstos pueden saltar a partir de una cierta presión.
